

RADIOACTIVE WASTE TRUCKS TO ROLL THROUGH PORTLAND

STOP HANFORD FROM BECOMING A NATIONAL RADIOACTIVE WASTE DUMP

The Hanford Nuclear Waste Site - *on the Columbia River* - in Washington is the most contaminated site in the Western Hemisphere. The U.S. Department of Energy is proposing to dump more radioactive & hazardous wastes at Hanford without adequately cleaning up the existing contamination. Thousands of radioactive waste trucks will roll through Portland and other Oregon communities en route to Hanford.

WORKSHOP

Monday, Feb. 1st, 7:30pm
Fremont Whole Foods (Studio 1)
3535 NE 15th Ave
Learn about the risks & prepare for the hearing
